Affordable Health Coverage
For Your Needs

Apollo Insurance Group + MY FINANCIAL COACH

Health Insurance

A Comprehensive health-benefit program for groups as low as one.

You lead a busy life and have many people looking to you for advice and leadership. Your role allows you to provide important services that large companies require, yet you struggle to find access to basic group benefits (such as health insurance) that rank and file employees have access to use. You know that there has to be a solution that goes beyond the individual marketplace.

My Financial Coach, in association with Apollo Insurance, is here to help you with a first in class concierge HR solution for individuals who want benefits packages similar to leading Fortune 500 companies and guided by a dedicated personal CFP® professional. By analyzing your personal financial picture and lifestyle, we are able to create a benefits package that addresses your goals and helps you achieve peace of mind.
